APARTMENT LIVING

Nestled in the scenic natural bushveld of the Lowveld, Kiaat Ridge's luxury apartments provide the picture-perfect setting for the exclusive lifestyle of your dreams.

State-of-the-art and secure, yet close to nature

The 132 luxury apartment units are spaced along the eastern bank of the central dam, perfectly positioned for bushveld strolls and within walking distance of Kiaat Private Hospital. Each apartment building – positioned to allow for optimum space and privacy – consists of six simplex or duplex units with up to three bedrooms.

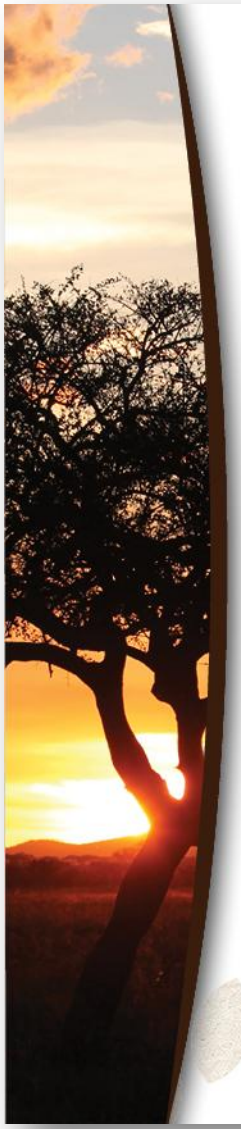

The expansive apartments each have their own verandah with built-in braais, as well as spacious bedrooms with en-suite bathrooms.

The practical design of the open plan kitchens features refined granite and kiaat finishes - with under-counter washing machine and dishwasher points - while the living areas include DSTV and Internet connection points.
Each apartment enjoys cutting-edge technology, with superfast fibre optic internet access and direct satellite TV connections that eliminate the need for individual satellite dishes.

Create the exclusive lifestyle of your dreams

State-of-the-art access controlled security services and safe internal walkways linking the apartments with various amenities allow for definitive peace of mind.

Location, location, location

With a shopping centre, private hospital, centres of medical excellence, natural bushveld setting and a vast choice of lifestyle activities right on our doorstep, Kiaat Ridge Apartments successfully blur the lines between work, play and stay.

Walking trails and viewing points connect you with nature as you wander through the natural bushscape, dotted by the Kiaat trees for which the development is named.

In an ideal location for both young professionals and families, Kiaat Ridge is just minutes away from the prestigious Penryn College private school, which offers both primary and secondary education. The soon to be constructed University of Mpumalanga will also be in close proximity to the development.

One of South Africa's top tourist attractions, the Kruger National Park, is a mere 45 minute drive away offering a fantastic opportunity for a day trip or weekend getaway.

Specially placed to allow for optimum space and privacy
